

## About the Infection Control Link (ICL) Group

### Aim

- To provide Infection Control education sessions for staff who have a special interest in this area.
- To disseminate Infection Control information to hospital staff
- To provide a forum for staff to discuss Infection Control issues
- For all wards and clinical departments to have a minimum of one representative.

### Who can be an ICL?

- Registered Nurses
- PSA's
- Allied Health
- As long as the staff member is willing and able to feedback information to their colleagues

### What is the role of the ICL?

- Provide feedback of topic discussed at monthly meetings to colleagues.
- Act as a department/ ward resource
- Liaise with Infection Control when/ if issues arise in their ward/ department

### Commitment

- Attendance at monthly meetings which occur February to November
- To provide feedback to colleagues
