

Addressing Family Violence Programs Book Order Form

This book captures work of the Royal Children's Hospital Integrated Mental Health Program's AFVP over the past ten years and in particular our groupwork programs:

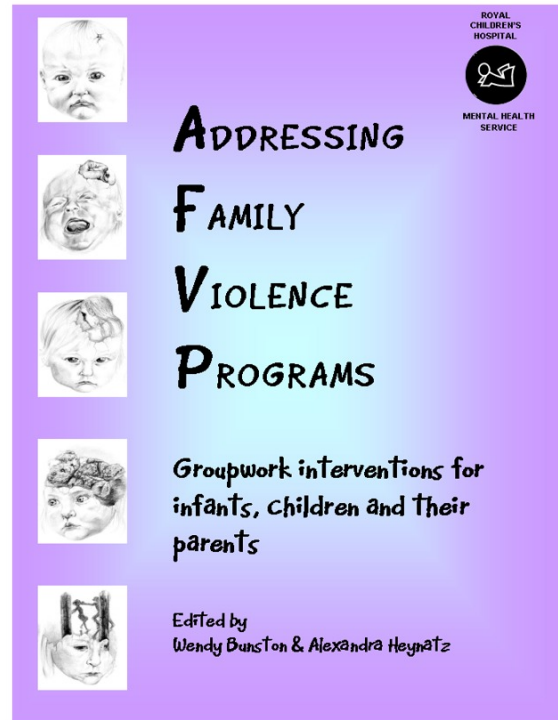

- PARKAS
- Just for kids
- The Peek-a-Boo Club.

It takes the reader through the theory, principles and practice of the AFVP work as well as our endeavours to measure its effectiveness.

It is 166 pages packed full of articles, stories from the children themselves and a variety of interventions we have utilised in our addressing family violence work.

We believe this book will be an invaluable resource to:

- Those currently running or planning to run groupwork interventions with infants, children and young people affected by family violence,
- Professionals wanting an insight into the impact of family violence on infants and children, and
- Individual practitioners working with children and/or families in relation to family violence.

Cost: \$ US 20.00

(includes tax, postage & handling)
