

## Integrated Mental Health Program

HALF DAY SYMPOSIUM – FRIDAY 29<sup>TH</sup> FEBRUARY 2008

# “UNDERSTANDING AND MANAGING SEVERE AGGRESSION – AN INTEGRATED APPROACH”

This symposium will explore innovative biological and psychosocial perspectives of emerging conduct disorders and severe aggression in children and young people. The presenters are all internationally renowned clinicians and researchers involved in mental health service delivery, evaluation, training and research. Each lecture will involve a didactic oral presentation that will also be available as a written handout. There will be ample opportunity for group discussion about the key aspects of the material outlined. During discussion there will be an opportunity for registrants to present case examples for comment.

This half-day symposium forms part of the Academic Child Psychiatry Unit's annual symposia series run through the Department of Paediatrics, University of Melbourne, the Royal Children's Hospital and the Murdoch Childrens Research Institute.

---
