

# Product Information

## Nappy-Goo<sup>®</sup> cream

### Composition:

**Active ingredients:** Zinc Oxide, Hamamelis (Witch Hazel) water, Melaleuca (Tea Tree) Oil

**Inactive ingredients:** Calcium Hydroxide, Oleic Acid, Olive Oil, Purified Water, Lanolin (wool fat).

### Description:

A gentle, soothing cream with mild antiseptic properties that forms a protective barrier to help prevent and treat nappy rash.

### Directions for use:

Apply to the nappy area following nappy changes as required. Nappy-Goo should be applied following each nappy change, at the first sign of skin irritation to relieve the symptoms of nappy rash. Nappy-Goo can also be applied regularly after nappy changes to prevent nappy rash.

### Contraindications:

Not to be used for individuals with known allergies to any of the product's ingredients. Do not use on broken skin.

### Presentation:

Cream, 100g

### Storage:

Store below 30 degrees Celsius. Keep away from direct sunlight.
