Your Ideas

Welcome

Welcome to the new version of the Auxiliary Newsletter. This newsletter will be published at least twice a year. We hope to bring you entertaining stories and reports on the Business of Auxiliaries.

We have many new opportunities before us and we want to provide you with well presented information so that you can use the newsletter as a marketing tool to support your fundraising efforts.

We would be most pleased to receive your input for issues and stories you would like published.

We hope that this new Newsletter provides a wonderful communication link between the Auxiliary Executive, the Auxiliary Office staff and Auxiliaries.

I thank you most sincerely for your support and hope that by the time you get to the last page you are feeling “Auxiliarated All Over.”

Carole Lowen
President

Royal Children’s Hospital Auxiliaries

“Auxiliarated All Over” - How did we get that name?

Do you love it. I think it is fun, it is quirky and it makes you feel good – well more than good. Auxiliarated.

The term “Auxiliarated” was given to us by Bronwyn Hewitt, a member of The Melbourne Sinfonia Auxiliary.

We thought it such a fabulous adjective to describe Auxiliaries that we just had to extend it to “Auxiliarated All Over”.

So I hope you like the name and enjoy reading your new publication.

Your Ideas

This blank version of the newsletter hopefully is an inspiration to tell us what it is that you would like to read about in your revamped Auxiliary newsletter.

You may like to write down some ideas today while you have some people present and hand it back to us. Ideally we would like to get the official version of this newsletter to everyone by the end of August.

We will do our best to incorporate all the ideas we receive over the coming year.

It is planned for this publication to be between 8 and 12 pages with an event calendar on the back page.

So please make sure we know well in advance what events you have planned.

We are interested in promoting your events, photo's and stories about your fundraising event, stories about special people within your auxiliary and any other suggestions for what you may want to know more about.

Thank you for your interest and we look forward to hearing from you.

Sue Manson
