or

Wed 6 July 2016, 4.15-5.30pm

Richmond Football Club Reception
ME Bank Centre
Punt Road Oval, Richmond VIC

FREE EVENT

Included guided tour of Richmond Football Club!

Dale Weightman (former Richmond FC captain) was diagnosed with Type 1 Diabetes at the age of 23, he has played over 250 AFL games for Richmond whilst managing his condition. Dale enjoys educating children (and their parents) who have Type 1 Diabetes to achieve their life goals whilst sharing his experience living with the condition. These sessions are held once a year with numbers restricted to patients of the Royal Children's Hospital with Type 1 Diabetes. This is a wonderful opportunity for children and parents to gain insight into the condition and get inspiration from Dale!

Please contact your Diabetes Educator if you are keen to attend one of these sessions, alternatively you can email your preferred date to:

growing.healthy.kids@mcri.edu.au
