<b>The Royal Children's Hospital</b>
<p>The Royal Children's Hospital's (RCH) vision is A world where all kids thrive.</p> <p>RCH is located within the Melbourne Biomedical Precinct, with more than 45 world-class biomedical organisations and more than 50,000 of the brightest minds working together to make the Precinct number one in the Asia Pacific region for health, education, research, and training. Within this, RCH is also a cornerstone member of the Melbourne Children's Campus, partnering with Murdoch Children's Research Institute, The University of Melbourne Department of Paediatrics and The Royal Children's Hospital Foundation. Each organisation contributes to a paediatric academic health centre which is greater than the sum of its parts.</p> <p>RCH has cared for the children and young people of Victoria for more than 150 years since it was founded in 1870. A full range of paediatric and adolescent health services are provided plus tertiary and quaternary care for the most critically ill and medically complex patients in Victoria. Tasmania, southern NSW and other states around Australia and overseas. The RCH is the only provider of heart transplant services and CAR T-cell therapy for paediatrics in Australia. RCH is an effective advocate for patients and their families with a particular focus on vulnerable children and increasingly, mental health in young people. The hospital also supports many health promotion and prevention programs. The Hospital has more than 6,000 staff, a budget of \$850M, 12 wards and 350 beds. Annually, the RCH has 300,000+ Specialist Clinic appointments, 90,000+ Emergency Department presentations and 20,000 elective surgeries.</p> <p>We work collaboratively with hospitals to deliver the right care, in the right place, at the right time. The RCH is committed to the Child Safe Standards <a href="https://www.rch.org.au/quality/child-safety/">https://www.rch.org.au/quality/child-safety/</a>.</p> <p>RCH enjoys high employee engagement and is committed to staff safety and a positive culture through enactment of our Compact.</p> <p>Further information on RCH is available at <a href="http://www.rch.org.au">www.rch.org.au</a></p>

ROLE PURPOSE
<p><b>General Medical Fellow:</b></p> <p>To provide an advanced trainee/ Fellow of the RACP in paediatrics with experience and training in General Medicine. Depending on seniority and experience, there is the opportunity for the fellow to work as a Junior Consultant, in a supervised capacity. There are excellent opportunities for clinical experience, teaching, research and administration. There is also an opportunity to lead quality improvement projects under the supervision of the General Medicine leadership team.</p> <p><b>Night Medical Lead:</b></p> <p>The RCH has undertaken a project which has resulted in a significant remodelling of staff and communications across teams after hours. The Medical Lead position will mentor and lead junior medical staff, collaborate with the after-hours team across the hospital, and manage clinical resources to meet the demands of increasing patient acuity across General Medicine and Specialty Units and patient flow challenges after hours.</p> <p>The Lead will be required to supervise junior trainees in managing their workload, including admitting and discharging patients. They will attend night handover using resources such as the electronic medical task board and the patient tracker to assess workload and reallocate resources as necessary to meet demands. They will also undertake general clinical duties in times of high workload.</p>
KEY ACCOUNTABILITIES
<p><b><u>Clinical Services</u></b></p> <ul style="list-style-type: none"> <li>• Provision of clinical care in the inpatient setting, including liaison with other Gen Med Inpatient teams; Subspecialty teams; Nursing and Allied Health teams</li> <li>• Opportunity to be first consultant on-call during receiving periods</li> <li>• In Night Medical Lead capacity, lead ward rounds, attend ward reviews, admit and discharge patients, and assist with patient flow throughout the hospital</li> <li>• Attend clinical night handover and Specialty/Gen Med morning handover</li> <li>• Provision of clinical care in the outpatient setting, including liaison with both RCH outpatient units and external providers</li> </ul> <p><b><u>Education</u></b></p> <ul style="list-style-type: none"> <li>• Attendance at Gen Med/RCH educational activities, including weekly education, journal club, grand rounds, Radiology meeting, M&amp;M meeting and Gen Med weekly meeting</li> <li>• Timely completion and compliance with all hospital mandated training</li> <li>• Active contribution to education of junior staff, nursing, allied health and medical students as appropriate</li> <li>• Undertake a clinical research project as applicable</li> </ul> <p><b><u>Non Clinical</u></b></p> <ul style="list-style-type: none"> <li>• Timely and accurate completion of patient related documentation, including EMR encounters, ward round documentation, outpatient documentation and any other required documentation relevant to enhancing continuity of care</li> <li>• Allocation to a non-clinical portfolio, including outpatients, morbidity and mortality, wellbeing, education etc</li> <li>• Foster teamwork and communication amongst after hours staff, working closely with the Hospital After Hours Team</li> <li>• Provide mentorship for junior medical staff</li> </ul>
