

ALLERGY AND IMMUNOLOGY

Information for schools, patients, parents, carers and providers

Anaphylaxis Advice Line

Call: (03) 9345 4235 or 1300 725 911

Email: anaphylaxisadvice@rch.org.au

The Anaphylaxis Advice Line is available to school principals and school staff, children's services staff, parents and carers, adolescents and training providers.

Schools

Anaphylaxis management is mandated for all Victorian schools under Ministerial Order 706 and associated Department of Education guidelines.

We can assist by providing advice on:

- Anaphylaxis policy development
- Guideline implementation
- Risk mitigation and management
- Individual anaphylaxis management plans
- Training requirements
- Extra-curricular activities (incursions, excursions and camps)
- Communication strategies
- Education sessions

Parents and carers

We can assist by providing general information regarding:

- Anaphylaxis education
- Family outings and holidays
- Starting childcare or kindergarten
- Transition from childcare/kindergarten to primary school
- Primary school
- Transition from primary to secondary school
- Secondary school and beyond

Adolescents

Adolescents – Let's talk about:

- Socialising
- Special events
- Eating out and sharing foods
- Kissing
- Sporting activities
- Travelling
- EpiPen®, Anapen®, Jext® or neffy®
- ASCIA Action Plans

Children's services

Most services are regulated nationally.

We can assist by providing advice on:

- Action plans
- Emergency procedures
- Medication kits
- Risk management
- Meal times
- Special occasions
- Training requirements
