

Memory Maestros

Meet the Memory Maestros Team!

Dr Jon Quach: Project Manager

Jon is the project manager of the Memory Maestros study. He's research interest is looking at ways to improve children's learning by addressing common health problems.

Jane Sheehan: Research Assistant

Jane is a part time research assistant on the study and has completed a Doctorate in Clinical Psychology. Jane is interested in child health research in both clinical and community settings.

Liz Varley: Research Assistant

Liz is a full time research assistant on the project. Liz has completed a Graduate Diploma in Psychology and loves working with the children in Memory Maestros.

Saga Arthursson: Research Assistant

Saga completed a three year degree at Perugia University in Italy. Saga is a full time research assistant on the Memory Maestros study.

Rebecca Nadalin: Research Assistant

Rebecca has completed an Honours degree in Psychology and has enjoyed working full time on the Memory Maestros project this year.

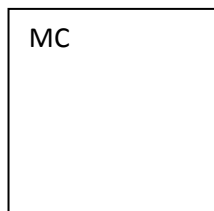

Elissa York: Research Assistant

Elissa is a part time research assistant on the study. Elissa works part time on Memory Maestros, and part time in other community based research at MCRI.

Elizabeth Varelias: Research Assistant

Elizabeth is a full time research assistant working on the Memory Maestros project. She has completed a Bachelor of Applied Science (Psychology).

Miree Cho: Honours Student/ Research Assistant

Miree has just completed her Honours degree and will join the Memory Maestros team as a research assistant this month.

Lisa Belford: Research Assistant

Lisa is a Clinical Psychologist and part time research assistant on the Memory Maestros project. Lisa is passionate about helping improving childrens outcomes.

Ashlee Smith: Research Assistant

Ashlee is a part time research assistant on Memory Maestros. She is currently completing a Master of Psychology (Ed & Dev) at Monash University.
