Your doctor has recommended that you use Women’s & Children’s Pathology. You are free to choose your own pathology provider. However, if your doctor has specified a particular pathologist on clinical grounds, a Medicare rebate will only be payable if that pathologist performs the service. You should discuss this with your doctor.

Instructions for Collection of Semen for Analysis

Please bring this form with you.

Samples accepted by APPOINTMENT.

Sterile specimen collection jars available from the Andrology Unit RWH, your referring doctor or local chemists.

1. Avoid intercourse or masturbation for a few days (2 – 7 days) before your test
2. Write your full name, date of birth and date and time of collection of samples on the specimen collection jar
3. Produce the sample by masturbation without lubricant
4. Samples should be delivered in Andrology Unit within 1 hour of collection
5. Carry the sample in a pocket to prevent chilling
6. Samples can also be produced at the Andrology Department in a private room.

I consent to the use of my semen for educational or quality assurance purposes, and research approved by the RWH Research and Ethics Committees on semen testing or causes and treatments of infertility but not involving storage of live sperm, fertilisation or genetic (DNA) studies.

Signed
