Medical Observership program at The Department of Gastroenterology and Clinical Nutrition

- The maximum duration of an RCH Medical Observership is 3 months.
- Medical Observers are not permitted to participate in patient treatment or patient management.
- Medical Observers will be under the direct supervision of an RCH senior clinical staff member at all times.
- They are also required to coordinate their own personal requirements during their Observership ie: accommodation, travel to and from RCH.

To process your application we need:

1. Most updated resume
2. Cover letter with requested dates.

Inquires to mwu.enquiries@rch.org.au OR Gastro.Dept@rch.org.au

****Please note; Currently The Gastroenterology and Clinical Nutrition does not offer any observership program.***
