The Royal Children's Hospital

The Royal Children's Hospital's (RCH) vision is A world where all kids thrive.

RCH is located within the Melbourne Biomedical Precinct, with more than 45 world-class biomedical organisations and more than 50,000 of the brightest minds working together to make the Precinct number one in the Asia Pacific region for health, education, research, and training. Within this, RCH is also a cornerstone member of the Melbourne Children's Campus, partnering with Murdoch Children's Research Institute, The University of Melbourne Department of Paediatrics and The Royal Children's Hospital Foundation. Each organisation contributes to a paediatric academic health centre which is greater than the sum of its parts.

RCH has cared for the children and young people of Victoria for more than 150 years since it was founded in 1870. A full range of paediatric and adolescent health services are provided plus tertiary and quaternary care for the most critically ill and medically complex patients in Victoria, Tasmania, southern NSW and other states around Australia and overseas. The RCH is the only provider of heart transplant services and CAR T-cell therapy for paediatrics in Australia. RCH is an effective advocate for patients and their families with a particular focus on vulnerable children and increasingly, mental health in young people. The hospital also supports many health promotion and prevention programs. The Hospital has more than 6,000 staff, a budget of \$850M, 12 wards and 350 beds. Annually, the RCH has 300,000+ Specialist Clinic appointments, 90,000+ Emergency Department presentations and 20,000 elective surgeries.

We work collaboratively with hospitals to deliver the right care, in the right place, at the right time. The RCH is committed to the Child Safe Standards <https://www.rch.org.au/quality/child-safety/>.

RCH enjoys high employee engagement and is committed to staff safety and a positive culture through enactment of our Compact.

Further information on RCH is available at www.rch.org.au

ROLE PURPOSE

The Consultant Allergist Immunologist is responsible for conducting outpatient allergy & immunology clinics. This will include evaluation, diagnosis, and management of patients with allergic and/or immunologic disorders in accordance with departmental procedures. This may also involve supervision of paediatric registrars, paediatricians and/or advanced immunology allergy trainees attending clinics.

KEY ACCOUNTABILITIES

- Secondment to external sites – Northern Health
- Medical care of allergy and immunology patients in outpatient clinics at RCH and/or Northern Health, ensuring department objectives are met
- Teaching and supervision of allergy-immunology trainees, general paediatric trainees, general paediatricians and nurses, as required by the department training clinic roster and the department teaching roster
- Involvement in department research and audit projects, either as part of a team or as lead investigator
- Assist the Northern Health team with additional tasks as required, to ensure department objectives are met eg. triaging
- Liaise with other Hospital Department employees, eg dietitians and respiratory laboratory staff, as required for the delivery of quality care to patients.
- Interact meaningfully with patient's families, to ensure that they receive quality care.
- Provide leadership, act as a learning resource to junior medical staff and participate in any other projects allocated by the Department head
- Be aware of and work in accordance with Hospital policies and procedures, including Occupational Health and Safety, Equal Employment Opportunity, Confidentiality, Consumer and Community Participation.
- At all times, be respectful of the needs of patients, visitors and other staff and maintain a professional approach to all interactions.
- These duties will be performed in consultation with the Department Head, to ensure that patient care is provided according to Department policies and procedures

QUALIFICATIONS AND EXPERIENCE

Essential:

- Current Specialist Registration with the Australian Health Practitioners Regulation Agency.
- FRACP accreditation through Immunology and Allergy JSAC or other speciality relevant to allergic disease.
- Extensive knowledge and practical experience in paediatric allergy and immunology; including the investigation and management of primary immunodeficiency disorders and allergic diseases (food allergy, asthma, eczema, allergic rhinitis, insect allergy and drug allergy). This includes experience in 'challenge' procedures and immunotherapy.
- Demonstrated clinical experience in paediatric immunology and allergy.

Desirable:

- Demonstrated experience in supervising registrars or fellows in training.

KEY SELECTION CRITERIA

- Ability to work effectively both independently and as part of a team
- Demonstrate skills in balancing sometimes competing and conflicting priorities
- Committed to academic pursuits and evidence-based practice

- Committed to maintaining RCH values (those knowledge & skills and behavioural qualities that the successful candidate needs to possess to support them in being able to perform the role)

OTHER REQUIREMENTS

- Employees are required to undertake a National Criminal Record Check and a Working with Children Check prior to commencing employment
- Employees are required to maintain a valid Working with Children Check throughout their employment
- A current, full driver's licence for the State of Victoria which is appropriate for the type of vehicle being driven, and comply with any restrictions on their licence (e.g. wearing glasses) while undertaking hospital duties (If applicable)
- Employees are required to maintain compliance with RCHs "Staff Immunisation - Prevention of Vaccine Preventable Diseases" procedure.

IMPORTANT INFORMATION

All employees are required to adhere to the Royal Children's Hospital Values:

- Curious - We are creative, playful and collaborative
- Courageous - We pursue our goals with determination, ambition and confidence
- Inclusive - We embrace diversity, communicate well, build connections and celebrate our successes together
- Kind - We are generous, warm and understanding

RCH COMPACT

All new and existing employees commit to the RCH Compact to contribute to a strong and respectful culture.

- We do better work caring for children and families when we also care for each other
- I bring a positive attitude to work – I share, I laugh, I enjoy other's company
- I take responsibility for my behaviour and its impact on others
- I am curious and seek out ways to constantly learn and improve
- I celebrate the good stuff, the small stuff, the big stuff – it all matters
- I speak up when things aren't right
- I value the many different roles it takes to deliver great patient care
- I actively listen because I want to understand others and make better decisions
- I am inclusive and value diversity
- When it comes to teamwork, I don't hold back – I'm all in

QUALITY, SAFETY AND IMPROVEMENT

RCH employees have a responsibility and accountability to contribute to the organisation's commitment to Quality, Safety and Improvement by:

- Acting in accordance and complying with all relevant Safety and Quality policies and procedures
- Identifying risks, reporting and being actively involved in risk mitigation strategies
- Participating in and actively contributing to quality improvement programs
- Complying with the requirements of the National Safety & Quality Health Service Standards
- Complying with all relevant clinical and/or competency standards
- Complying with the principles of Patient and Family Centred Care that relate to this position

The RCH is committed to a diverse and inclusive workforce. We encourage applications from Aboriginal and Torres Strait Islander people, people from culturally and/or linguistically diverse backgrounds, all members of the LGBTQI community and people with disability.
