The Royal Children's Hospital

The Royal Children's Hospital's (RCH) vision is to be a great children's hospital – delivering Great Care, Everywhere.

RCH is located within the Melbourne Biomedical Precinct, with more than 45 world-class biomedical organisations and more than 50,000 of the brightest minds working together to make the Precinct number one in the Asia Pacific region for health, education, research, and training. Within this, RCH is also a cornerstone member of the Melbourne Children's Campus, partnering with Murdoch Children's Research Institute, The University of Melbourne Department of Paediatrics and The Royal Children's Hospital Foundation. Each organisation contributes to a paediatric academic health centre which is greater than the sum of its parts.

RCH has cared for the children and young people of Victoria for more than 150 years since it was founded in 1870. A full range of paediatric and adolescent health services are provided plus tertiary and quaternary care for the most critically ill and medically complex patients in Victoria. Tasmania, southern NSW and other states around Australia and overseas. The RCH is the only provider of heart transplant services and CAR T-cell therapy for paediatrics in Australia. RCH is an effective advocate for patients and their families with a particular focus on vulnerable children and increasingly, mental health in young people. The hospital also supports many health promotion and prevention programs. The Hospital has more than 6,000 staff, a budget of \$850M, 12 wards and 350 beds. Annually, the RCH has 300,000+ Specialist Clinic appointments, 90,000+ Emergency Department presentations and 20,000 elective surgeries.

We work collaboratively with hospitals to deliver the right care, in the right place, at the right time. The RCH is committed to the Child Safe Standards <https://www.rch.org.au/quality/child-safety/>.

RCH enjoys high employee engagement and is committed to staff safety and a positive culture through enactment of our Compact.

ROLE PURPOSE

RCH Mental Health comprises community- and hospital-based services. This includes three multidisciplinary outpatient teams which are based in Travancore, Sunshine and Hoppers Crossing. The Community teams are led by a partnership between Team Coordinator and Consultant Psychiatrist, with the Team Coordinator responsible for the operational functioning of the team, and the Consultant Psychiatrist accountable for driving high quality clinical care across the Team. This position will be primarily based in the location listed above, however you may be required to work across sites should the needs of the service require this.

You will be responsible for providing high quality tertiary mental health care for children up to 15 years and their families through skilled assessment, treatment, case management and consultation to internal and external stakeholders. You may also be rotated for a 6 month period to work in the In2School day program periodically.

KEY ACCOUNTABILITIES

- Purposefully and expertly engage children, young people and their families in recovery focused care.
- Effectively and competently manage a caseload according to service standards by providing high quality clinical care including undertaking assessment, collaborative Individual Treatment Planning (ITP), providing high quality therapeutic care, and well planned discharge.
- Provide care through outreach, visits to education settings, community settings, etc. as clinically necessary.
- Undertake discipline specific functions and work collaboratively with other disciplines within the team to provide high quality inter-disciplinary care.
- Build and maintain relationships with key stakeholders to maximise service coordination and cooperation.
- Participate in a clinic-based appointment system and roster for the provision of the team's crisis response, single session interventions, and fast track appointments.
- Act as one of the clinical staff supporting the In2School Day Program periodically on a rotational basis.
- Provide excellent secondary consultation to other health, education and community services/providers to enhance coordinated care and build mental health capacity in these services.
- Complete mandatory client contacts, outcome measures and report activity levels (statistics) to support team/s meeting KPI obligations.
- Complete accurate, timely and professional clinical record keeping and documentation.
- To maintain accurate records of client contact through EMR and record contact hours through RAPID
- Actively participate in all forms of supervision (operational, professional and clinical).
- Participate in continuous quality improvement activities.
- Undertake and/or support research and evaluation activities. (As required for learning innovations for best practice care).
- Work within legal and ethical obligations for excellent family focussed care.
- Support high-quality mental health promotion and prevention.
- Demonstrate awareness and understanding of the principles of a family-focused and recovery-oriented clinical practice that is underlined by the experience and involvement of service users.
- Demonstrate a commitment to culturally safe and sensitive service provision
