<p><b>The Royal Children's Hospital</b></p> <p>The Royal Children's Hospital's (RCH) vision is <i>A world where all kids thrive.</i></p> <p>RCH is located within the Melbourne Biomedical Precinct, with more than 45 world-class biomedical organisations and more than 50,000 of the brightest minds working together to make the Precinct number one in the Asia Pacific region for health, education, research, and training. Within this, RCH is also a cornerstone member of the Melbourne Children's Campus, partnering with Murdoch Children's Research Institute, The University of Melbourne Department of Paediatrics and The Royal Children's Hospital Foundation. Each organisation contributes to a paediatric academic health centre which is greater than the sum of its parts.</p> <p>RCH has cared for the children and young people of Victoria for more than 150 years since it was founded in 1870. A full range of paediatric and adolescent health services are provided plus tertiary and quaternary care for the most critically ill and medically complex patients in Victoria, Tasmania, southern NSW and other states around Australia and overseas. The RCH is the only provider of heart transplant services and CAR T-cell therapy for paediatrics in Australia. RCH is an effective advocate for patients and their families with a particular focus on vulnerable children and increasingly, mental health in young people. The hospital also supports many health promotion and prevention programs. The Hospital has more than 6,000 staff, a budget of \$850M, 12 wards and 350 beds. Annually, the RCH has 300,000+ Specialist Clinic appointments, 90,000+ Emergency Department presentations and 20,000 elective surgeries.</p> <p>We work collaboratively with hospitals to deliver the right care, in the right place, at the right time. The RCH is committed to the Child Safe Standards <a href="https://www.rch.org.au/quality/child-safety/">https://www.rch.org.au/quality/child-safety/</a>.</p> <p>RCH enjoys high employee engagement and is committed to staff safety and a positive culture through enactment of our Compact.</p> <p>Further information on RCH is available at <a href="http://www.rch.org.au">www.rch.org.au</a></p>

## ROLE CONTEXT

RCH Mental Health is a Level 5 tertiary Infant, Child and Family Area Mental Health and Wellbeing Service and comprises community and hospital-based services. This includes three multidisciplinary community teams which are based in Travancore, Sunshine and Hoppers Crossing. This position will be primarily based in the location listed above; however, you may be required to work across sites should the needs of the service require this.

Our Community Mental Health Programs are undergoing an exciting transformation and expansion as we implement the recommendations from the Royal Commission into Victoria's Mental Health System. The transformation will allow the RCH Mental Health Service to help more infants, children, and their families, and implement contemporary models of care that best meet the needs of the families we serve and support them to use their collective strengths for recovery and hope. As part of this transformation, there will be opportunities for further training, supervision, and development.

The Community teams are led by a partnership between Team Coordinator and Consultant Psychiatrist, with the Team Coordinator responsible for the operational functioning of the team, and the Consultant Psychiatrist accountable for driving high quality clinical care across the Team.

The multidisciplinary Community teams may include workers and clinicians from a range of backgrounds such as speech pathology, nursing, social work, clinical psychology, neuropsychology, occupational therapy, family peer support, family therapy, psychiatry and paediatrics.

## ROLE PURPOSE

The Senior Mental Health Clinician works within a multidisciplinary team providing high quality, tertiary mental health care for infants and children 0 to 15 years and their families through skilled assessment, treatment, and case management.

This role provides consultation to teams and services within the hospital, and external organizations and service providers to promote collaboration and build capacity.

The Senior Mental Health Clinician will be a highly valued member of the team and form close working relationships with the Team Coordinator and the Discipline Senior.

## KEY ACCOUNTABILITIES

- Effectively manage a complex caseload according to service standards by providing high level clinical care including thorough and responsive assessment, collaborative Recovery Care Plans, high quality therapeutic care and well-planned discharge
- Provide high quality assessments and interventions
- Provide leadership through modelling a high standard of professional and interpersonal skills, attitudes and behaviours
- Provide high quality clinical supervision to other mental health clinicians and students
- Lead and/or support continuous quality improvement and evaluation activities (as required for learning innovations for best practice care)
- Purposefully and expertly engage children, young people and their families in recovery focused care, including mental health promotion and prevention.

- Build and maintain relationships with key stakeholders, which includes secondary consultation to other health, education, and community services/providers to enhance coordinated care and build mental health capacity in these services.
- Undertake discipline specific functions and work collaboratively with other clinical disciplines within the team to provide high quality inter-disciplinary care. This may involve shared care of cases with more junior staff for modelling and guidance.
- Participate in our Electronic Medical Record system and roster for the provision of the team's crisis response, single session interventions, and priority appointments.
- Complete mandatory client contacts, outcome measures and report activity levels (statistics) to support team/s meeting KPI obligations
- Complete accurate, timely and professional clinical record keeping and documentation.
- To maintain accurate records of client contact through EMR and record contact hours through RAPID
- Participate in clinical supervision in accordance with local standard operating procedures and/or the RCH Allied Health Clinical Supervision Guideline which are based on the DHHS Allied Health Clinical Supervision Framework
- Work within legal and ethical obligations for excellent family focussed care.
- Demonstrate awareness and understanding of the principles of a family-focused and recovery-oriented clinical practice that is underlined by the experience and involvement of service users
- Demonstrate a commitment to culturally safe and sensitive service provision
- Perform duties/tasks as directed by the Team Coordinator or Operations Manager, as appropriate to the role
